ADD-ON ADDENDUM

PROJECT REF GRAZIA-AI-AR-2026-08

PREPARED FOR	PREPARED BY	DATE
Grazia Stones Kanpur, Uttar Pradesh	RAGSPRO Raghav Shah, Founder raghav@ragspro.com +91 87000 48490	10 October 2026 AI Smart Estimator — App

At your request, **Maya AI** has been added to the Grazia Stones app. This addendum records that addition, the Kanpur visit expense you asked us to share, and the updated commercials. It forms part of the Service Agreement for this project; every other term of that Agreement is unchanged.

Add-On at Client Request — Maya AI Design Consultant

DELIVERED

1. **In-app AI chat consultant**
   A dedicated Maya screen, reachable from the Home banner and top bar, where customers ask for stone/tile suggestions by room, style or budget.
2. **Grounded in Grazia's own catalogue**
   Maya knows Grazia's six collections and company profile, and recommends real products from the live catalogue as tappable cards (open product, or open AR/tools directly).
3. **English and Hinglish replies**
   Answers in the customer's language; says so honestly when it doesn't know and points to the Grazia team instead of inventing prices or specs.
4. **Secure server-side AI**
   The AI key and brand knowledge stay on the server, never inside the app, with per-user rate limiting and login-aware limits.
5. **Quick-start prompts**
   One-tap suggestions such as exterior facades, fireplace textures and budget-based picks.

Maya's AI usage runs on the same Google Gemini account and usage-based billing described in the Agreement, billed directly to Grazia Stones with no RAGSPRO margin.

Additional Charges Under This Addendum

ITEM	AMOUNT
Maya AI Design Consultant — development and integration (client-requested add-on)	₹30,000
Kanpur visit — travel (to and fro) expenses, shared at actual as requested	₹6,000
Total additional under this addendum	**₹36,000**

ADDITIONAL AMOUNT DUE

₹36,000

₹30,000 Maya AI + ₹6,000 Kanpur travel · payable together with Milestone 3 (on delivery)

Updated Commercial Summary

Core development (deal locked, milestones unchanged)	₹1,40,000
Add-on: Maya AI Design Consultant	₹30,000
Kanpur visit travel expenses	₹6,000
